- Suitable to cool and heat rooms up to 35m²
- Self evaporative system – no drip tray or hose required (in cooling mode)
- Window kit included to suit sash and sliding windows
- LCD remote control
- Soft touch control panel
- Guaranteed cooling in 43°C

Compact Portable Air Conditioner

GDC10RCWB

- 3kW cooling and heating capacity
- Black and white finish
- 0-24 hour timer setting with sleep mode
- Dehumidifying function
- Suitable to cool and heat rooms up to 30m²
- Self evaporative system – no drip tray or hose required (in cooling mode)
- Easy touch control panel
- Remote control
- Window kit included to suit sash and sliding windows

DIMPLEX BRINGS YOU COMFORT BY DESIGN

Keeping you and your home cool will be a breeze this Summer with a Dimplex Portable Air Conditioner. Featuring a contemporary design, intended to be unobtrusive and blend harmoniously with existing decor, these units come in various sizes to suit both small and large sized rooms.

Packed with many innovative features, these units are guaranteed to cool even in extreme temperatures, providing assurance that it has all the quality and reliability that you've come to expect from Dimplex...

Guaranteed Cooling in 43°C

Summer can often reach temperatures of over 35° Celsius where most cooling systems won't function. Dimplex Portable Air Conditioners are guaranteed to work effectively at 43° Celsius – meaning it will be fully functional even at extreme temperatures. Dimplex keeps you cool when you need it most.

Self Evaporative Function

Dimplex Portable Air Conditioners are equipped with a self evaporative system for cooling, which removes excess condensation by means of evaporating the water in the tank. Therefore saving you the hassle of having to use a drip tray or drain hose.

Dehumidifying Function

During summer, there can be high levels of humidity causing discomfort to many people and homes. All Dimplex Portable Air Conditioners come with a dehumidification feature that not only cools your home but also reduces unwanted moisture. Humidity or water vapour in the air above 50% can cause the growth of mildew, dust mites, and mold that leads to allergies and asthma.

So sleep and breathe easy this summer with your Dimplex Portable Air Conditioner.

PORTABLE COOLING HAS NEVER BEEN EASIER

Soft touch control panel

Multi directional air outlet

LCD remote

Guaranteed Dimplex quality, backed by a 2 year warranty
