

GDDEYS40A

New Zealand's most powerful household dehumidifier that also purifies your air. Don't just dry your air, purify it too. Dehumidified air still harbour nasty allergens, bacterial and odour. So clean your air with the only dehumidifier with HEPA and Activated Carbon filters. HEPA 13 filters remove 99.95% of airborne particles** including dust mites and their faeces, pet dander, mould spores and viruses. Activated Carbon filters trap foul odours such as pet or cigarette smells as well as hydrocarbon poisons.

- 40 Litre moisture removal per day
- Large 6 litre tank
- HEPA 13 filter to trap airborne allergens, bacteria and viruses
- Black and white finish
