

Portable Air Conditioner

DPRC20ECO-A

Premium Eco Reverse Cycle
Portable Air Conditioner 2.0kW R290

Powerful and cost-efficient, our innovative portable air conditioners are a fantastic addition to effectively cool your home. Now fitted with the latest eco refrigerant R290, they are the most environmentally-friendly choice.

Reverse cycle, heats and cools your home. A built-in dehumidifier removes up to 19L of moisture per day to protect your fabrics and furniture while providing a safe and healthy home.

Features outstanding leak-proof design and durable materials.

Push it easily from room to room with its smooth-rolling wheels.
Venting is easy and hassle-free, with our swing and sash window kits.

Suitable for small to medium sized rooms, and fitted with 24-hour timer to reduce energy consumption when no longer needed.

Model	DPRC20ECO-A
Power Wattage	780W
Cooling/heating capacity	2kW/1.7kW
Dehumidifier capacity	19L/day
Dimensions (mm)	300(W) x 300(D) x 700(H)
Fan Speed	2
Noise Level	<53dB(A)
Warranty	2 years

Portable Air Conditioner

DPRC20ECO-A Premium Eco Reverse Cycle Portable Air Conditioner 2.0kW R290

- 2.0kW cooling capacity
- 1.7kW heating capacity
- Dehumidifying function removing up to 19L of water per day
- Self evaporative system – no drip tray or drainage hose required
- 0-24 Hour timer with sleep mode
- Remote control
- Soft touch control panel
- Noise level: <53dB(A)
- 2 Fan speeds
- Swing Window kit included
- Wide vented airflow

R-290 is the most eco-friendly refrigerant available.

In addition to being energy-efficient, R290 has the lowest impact on global warming (GWP) and potential to deplete the ozone (ODP).

We have voluntarily upgraded our portable air conditioners refrigerants to show our commitment to improving our quality of products and reducing our impact on the environment.

Refrigerant	Type	ODP	GWP
R-32	HFC	zero	675
R-134a	HFC	zero	1,430
R-404A	HFC	zero	3,922
R-410A	HFC	zero	2,088
R-290	HC	zero	3
R-600a	HC	zero	3
R-1234yf	HFO	zero	4
R-1234ze	HFO	zero	6

R-410a
Most commonly used refrigerant currently
